THE ELECTIONS

Roosevelt and Fairbanks
the Choice of the
People.

New York State Gives a
Big Majority for the
Republican Ticket.

SEVERAL STATES ARE IN DOUBT.

Ohio Plurality for Ticket
Is Estimated As High-
est Ever Known.

Indiana Goes Republican by a
Plurality Ranging Between
30,000 and 40,000.

West Virginia Is in Doubt, But It Is
Believed That Roosevelt Carried
It by an Increased Plurality.

Judge Parker Congratulates the Presi-
dent On His Election—Chairman
Taggart Congratulates Chair-
man Cortelyou.

Espous, N. Y., Nov. 9.—Judge Parker concedes the election of President Roosevelt at 8:30 p. m. when he received a bulletin that the democratic national headquarters had already admitted that every doubtful state had been carried by the republican national ticket. He appeared to be not at all downcast by the result, although it is known that he greatly deplored his overwhelming defeat in his own state. He received the discouraging news in his study, where he sat smoking with two of his neighbors. The bulletin from democratic headquarters concerning Judge Parker's defeat was given to the judge by a press representative. When asked if he had any statement to make, he pulled a telegraph blank toward him and wrote hastily for a moment. Then he said:

"I am going to send this telegram to President Roosevelt."

"Rosemont, Espous, N. Y., Nov. 8.—The President, Washington: The people by their votes have emphatically approved your administration. Alton B. Parker."

"Washington, Nov. 9.—President Roosevelt's reply to Judge Parker's telegram was as follows:

"Alton B. Parker, Rosemont, N. Y.: I thank you for your congratulations. Theodore Roosevelt."

Washington, Nov. 9.—Chairman Cowherd, of the democratic congressional campaign committee, at 11 o'clock, said:

"We concede that the republican Roosevelt landslide has carried the house of representatives for the republicans by a majority at least as large as that by which they now hold control."

New York, Nov. 9.—From returns at hand the electoral vote stands as follows:

California 7 Alaska 11
Connecticut 7 Arkansas 9
Delaware 3 Florida 5
Illinois 27 Georgia 13

Chicago, Nov. 9.—Secretary Elmer Dover, of the republican national committee, says Roosevelt will have 317 electoral votes, which is six more than the pre-election estimate. He said: "Owing to differences in time and greater distances, in the western states, the returns are meager and incomplete. They indicate, however, that the sentiment which carried the east prevails in the west, and I think we justify our claim that we will carry every doubtful state. I would revise my pre-election estimate by giving President Roosevelt 317 votes instead of 311. The result of the election indicates that the people are satisfied with the record of the republican party for eight years, and in addition to a party endorsement, the victory is a great personal triumph for Theodore Roosevelt."

Vice Chairman New and Secretary Dover issue the following signed statement regarding the result:

"We have now received reports from every state in the west, and they confirm the earlier prediction that the republicans have carried every western state. There are no doubtful states. In nearly every case the majorities are unprecedented. It is a landslide which carries with it the state tickets which were endangered by local contests or state issues. Close congressional districts have likewise benefited, and while we have no definite figures there will be a large net gain in the membership of the lower house."

Dispatches up to 1:45 a. m. show that the republicans have elected 222 congressmen and the democrats 138. Of the remaining 46 districts 32 are now represented by republicans and 13 by democrats.

Washington, Nov. 9.—President Roosevelt is assured of the co-operation of a republican congress. The present republican majority in that body is 34, and there need be no surprise if this figure is almost doubled, and it is reasonably certain to reach a majority of at least 50. In practically all districts the republicans have held their own, while in some significant instances the democrats have lost. Probably the most marked of these cases are the Fourth and Fifth districts

of California (San Francisco) now represented by Representatives Liverback and Wynne, democrats, which reports indicate have been gained by the republicans. In the Twelfth Ohio district Taylor, rep., is reported to have defeated Badger, the sitting democratic member, who was a candidate for re-election. The most surprising of all the reports, however, comes from the Fifth and Fifteenth Missouri districts, both strongly democratic, and the former represented by Mr. Cowherd, chairman of the democratic congressional campaign committee. The republicans claim to have carried both districts. In the light of these reports a republican majority of 50 in the house is considered a conservative estimate.

NEW YORK.

New York, Nov. 9.—Theodore Roosevelt's plurality in this, his native state, is second only to McKinley's in 1896. It exceeds McKinley's in 1900 by about 41,500. The late returns show that there were cast for him in New York state about 185,000 votes more than for Parker. Not only was the vote heavy in the country districts, where the republican strongholds are, but in the Greater New York, traditionally democratic, he ran much closer to Judge Parker than had been expected, even by his own campaign managers. It had been estimated that he would come down to the Bronx with better than 160,000 plurality, but the figures Monday night showed that this forecast would be exceeded by approximately \$8,000. In this city Parker's supporters had expressed hopes that their candidate would have from 140,000 to 160,000 more than Roosevelt, but in this they were disappointed by more than 100,000 votes. So overwhelming was the republican vote that the result was known positively early in the evening. The earliest counts to report made it clear that the Parker vote everywhere fell below Bryan's in practically all the up-state districts. In the Greater New York Parker's plurality was from 12,000 to 14,000 larger than Bryan's, but in the state, according to the late reports, his total vote fell 16,000 short of Bryan's.

The small plurality for Parker in New York city caused great astonishment, the lowest preliminary ante-election estimates having figured that he would go to the Bronx with 100,000 or more. When the reports came in showing that he would lead Roosevelt by only 40,000, they were received with amazement. The Parker plurality in the city was 35,000 less than was given Herrick, rep., for governor. In Brooklyn the republican managers thought Parker might lead Roosevelt, but reports from all but 37 districts give Roosevelt 424 plurality. His total vote fell 18,000 short of Bryan's.

There was a great surprise in the proportions of the vote for Higgins, republican, for governor, he running far ahead of the Odell vote in the counties and winning by about 85,000. His plurality above the Bronx was probably 160,000, while Herrick's in the Greater New York aggregated about 75,000. Herrick did not carry Albany, his home county, nor did Parker carry Ulster, in which he lives.

OHIO.

Columbus, O., Nov. 9.—The returns in Ohio are compared with those on the state ticket last November, when the republican plurality was 113,812, the largest ever given an Ohio governor. The total vote then was only 877,203, and the estimate now is over 1,000,000. Tuesday.

Last year the republican plurality for Gov. Herrick of 113,000, the second highest in the history of the state, was also on a total vote much less than a million. The pluralities of 1894 and 1903 were largely due to many democrats failing to vote, but the returns indicate that they voted Tuesday.

The average republican plurality in Ohio the past ten years was 75,932. The plurality Ohio ever gave its president was 69,630 for McKinley four years ago and the republican committee estimate that the plurality for Roosevelt and Fairbanks will be double the highest plurality ever given McKinley either for governor or president.

It is estimated at from 140,000 to 150,000. The republicans claim a net gain of at least one congressman, Taylor, in the 12th district. Chairman Garber, of the democratic state committee, has no figures to give out on the state or national tickets in Ohio, but he also claims a net gain of one democratic congressman.

The Ohio delegation in congress now stands 17 republicans and four democrats.

Chairman Garber claims that the democrats have elected Garber in the Fourth, Ansbury in the Fifth, Crissinger in the 13th, Schneider in the 15th and Hurst in the 17th district.

The republican state committee Tuesday did not concede any of these five districts except the Fourth, in which Chairman Garber was re-elected to congress and insist that if the present rate of republican gains continue, complete returns Wednesday will show Garber the only democratic congressman from Ohio.

Based on returns received to 1 o'clock Tuesday night, if the present ratio of gains is maintained for the unreported precincts Ohio will give Roosevelt 200,000 plurality. Indications are that the republicans elect 20 of the 21 congressmen.

INDIANA.

Indianapolis, Nov. 9.—Indiana has been carried by the republicans by from 45,000 to 55,000. The legislature will be republican by nearly 50, probably more. All the nine republican congressmen are re-elected by increased majorities, and the republicans claim also the Second and Twelfth districts, now represented by Representatives Miers and Robinson, both democrats. They are in doubt. The legislature, which will meet in January, will elect two United States senators, one to succeed Vice-President-elect Charles W. Fairbanks. Senator Beveridge will be re-elected.

The republicans have almost if not quite doubled the McKinley plurality in the state of 26,467 four years ago. In Marion county, which includes Indianapolis, 132 out of 230 precincts indicate the republicans have carried the county by 11,000 which is almost double the McKinley plurality of four years ago. In scarcely a county of the state have the republicans failed to make large gains. The Democratic State Chairman O'Brien early conceded the state to the republicans by over 30,000 and sent his congratulations to Republican State Chairman Goodrich. Democratic National Chairman Taggart gave up the battle at 10 o'clock and wired his congratulations to Republican National Chairman Cortelyou.

Vice President-elect Charles W. Fairbanks received the returns at his residence from private wires, which connected his home with the white house in Washington.

He and President Roosevelt early exchanged congratulations, and Senator Fairbanks was given a reception at the Columbia club. He did not make an address. In an interview he said the result was a generous endorsement of President Roosevelt and his administration.

National Chairman Taggart declined to express an opinion as to causes. He will leave for New York Wednesday morning, and will go at once to democratic national headquarters.

ILLINOIS.

Chicago, Nov. 9.—According to the returns received at midnight Illinois will go to President Roosevelt the largest plurality ever given to any presidential candidate. He gets by the unofficial returns carried Chicago by 97,000 and the county of Cook outside of the city will give him about 9,000 additional, making

his plurality in Cook county not far from 107,000.

In previous presidential campaigns the state outside of Cook county has invariably given a larger plurality for the republican candidate than the county, and basing the calculation upon this fact, the republican state central committee claim the possible plurality for President Roosevelt will total 214,000, though some of the committee claim 230,000. The democratic committee refuse to give any figures. The greatest plurality ever given Illinois before was 143,000 for McKinley in 1896.

The republican state ticket has been overwhelmingly elected, Deneen for governor running about 15,000 behind the national ticket in Cook county. It was expected by politicians of both parties that Deneen would run ahead of the national ticket in about the same proportion that he ran behind it.

Both branches of the legislature will be overwhelmingly republican, but no senator is to be elected at the coming session in January.

The republicans by carrying the First, Fifth and Eighth districts, heretofore democratic, have increased their congressional delegation from 17 to 20.

The republicans have carried all the offices in Cook county with the possible exception of state attorney, the vote between Trude, dem., and Healy, rep., being very close.

KENTUCKY.

Louisville, Ky., Nov. 9.—The city of Louisville and Jefferson county, with 60 precincts missing, give Parker, 22,927; Roosevelt, 22,694. This indicates a net democratic loss of 2,000 in the Fifth congressional district over 1902.

One hundred and eighty-one precincts in Kentucky out of 1,894 outside of Louisville and Jefferson county, give Parker a plurality of 5,034, a gain over Bryan's plurality in 1900 of 1,026.

Nine hundred of 1,894 in the state give a total plurality for Parker of 4,886, gain over Bryan's plurality in 1900 of 1,000.

Six hundred and seventy-two precincts out of a total of 1,896 in the state, give Parker a plurality of 16,480. As the 11th district, a republican stronghold, is yet to be heard from, Parker's probable plurality is placed by those at both democratic and republican headquarters at between 12,000 and 14,000. Bryan's plurality in 1900 was 8,946.

IOWA.

Des Moines, Nov. 9.—Returns from 30 precincts show a republican gain over 1900 of 19 votes to a precinct. If this gain can be estimated throughout the 218 precincts the plurality for Roosevelt will be 130,456. The entire republican state ticket is elected by pluralities that will fall but little below the head of the ticket.

The overwhelming republican pluralities break all previous records in Iowa. It is said to be due in a large measure to the Bryan democrats, who are known to have voted for Roosevelt in large numbers.

Returns are slowly coming in, but the indications, on well distributed returns, are that Roosevelt's plurality will be 125,000 and the entire state ticket will have about the same number. Republicans elect 10 congressmen, with the chance that the Second district, which is in doubt, will go republican.

CONNECTICUT.

New Haven, Ct., Nov. 9.—President Roosevelt and the entire republican ticket did not win in Tuesday's election by an overwhelming plurality, which was even larger than the most sanguine of the party predicted. That the republicans would make a sweep of the state was evident by the first of the returns and there seemed to be no doubt of the result soon after the polls closed.

It is estimated that President Roosevelt's plurality will reach almost the 25,000 mark, which is several thousand ahead of McKinley's figure of 1900.

The state ticket was not far behind and from Henry Roberts, the candidate for governor, down, there was a clean sweep. Congressmen in each of the four districts and the congressmen at large were all re-elected and the legislature will remain republican by a ratio estimated at about 2 to 1, which is a slight gain over the ratio of two years ago.

PENNSYLVANIA.

Philadelphia, Nov. 9.—The republicans have made an almost clean sweep in Pennsylvania, carrying the state for Roosevelt and Fairbanks by over 300,000 and electing 25 of the 26 state senators and 29 of the 32 congressmen. They have also elected about 17 of the 204 members of the house of representatives. This gives them control of both branches of the legislature by a large majority, insuring the election of Gov. Pennypacker's appointee, Philander C. Knox, for United States senator to succeed the late M. S. Quay. John P. Ellsworth, rep., is elected state supreme court judge by a majority almost as great as that cast for the republican national ticket.

Philadelphia, Nov. 9.—Estimates from the entire state give Roosevelt a plurality in Pennsylvania of between 390,000 and 400,000. In Philadelphia Roosevelt's plurality will exceed 175,000.

MISSOURI.

St. Louis, Nov. 9.—The results of the election in Missouri and in St. Louis are in doubt. Both sides claim victory. The democratic state committee claimed that the state had been carried by a majority of 35,000 and St. Louis by 5,000; that 15 democratic congressmen had been elected and the legislature will be democratic by a majority of 40, assuring the re-election of United States Senator Cockrell. On the other hand, State Republican Chairman Neidringhaus was equally assertive that St. Louis had gone republican by 20,000 and the state may not exceed 5,000. He felt confident that final returns would show at least five republican congressmen elected, and felt assured of a majority in the legislature on joint ballot.

MARYLAND.

Baltimore, Nov. 9.—Returns from the city and state are not complete, but it is apparent from the official reports so far received that Roosevelt has carried the state by a plurality estimated at between 60,000 and 75,000. Both republican and democratic state chairmen claim the state respectively for LaFollette and Peck. The Scofield (national republican) state ticket received a very light vote.

WISCONSIN.

Milwaukee, Nov. 9.—It is generally conceded that Roosevelt has carried Wisconsin by a plurality estimated at between 60,000 and 75,000. Both republican and democratic state chairmen claim the state respectively for LaFollette and Peck. The Scofield (national republican) state ticket received a very light vote.

UTAH.

Salt Lake City, Nov. 9.—Scattered returns from this state indicate that Roosevelt will have a plurality exceeding 7,000. His vote shows a heavy increase in every precinct reported. Indications point to the election of John Cutler, rep., for governor, by a considerably smaller plurality.

The American (anti-church) party vote in this county may reach 6,000.

RHODE ISLAND.

Providence, R. I., Nov. 9.—Indications are that Roosevelt has carried Rhode Island by a plurality of over 5,000. At that hour only about half the country districts and a quarter of the city districts were reported. The result for governor was still in doubt with Utter, rep., slightly in the lead. Congressional seats were also unsettled at midnight.

MICHIGAN.

Detroit, Nov. 9.—Michigan was the scene of a veritable republican landslide. Roosevelt and Fairbanks have carried the state by an unprecedented majority, variously estimated at from 100,000 to 150,000. Fred M. Warner and the republican state ticket are elected; at least 11 of the 12 congressmen from Michigan are republicans and the legislature is overwhelmingly republican, insuring the re-election of United States Senator J. C. Burrows. Fred M. Warner, republican candidate for governor, was generally conceded a majority of about 35,000, while Roosevelt and Fairbanks' majority was simply described generally as over 100,000.

ILLINOIS.

Chicago, Nov. 9.—According to the returns received at midnight Illinois will go to President Roosevelt the largest plurality ever given to any presidential candidate. He gets by the unofficial returns carried Chicago by 97,000 and the county of Cook outside of the city will give him about 9,000 additional, making

Expensive to Stop.

The railroad train is the best illustration that has ever been found to typify continuous advertising, says Printer's Ink. A local passenger train takes just about twice as long to cover a hundred miles as an express train. Some people think it travels more slowly, but there is little difference in the actual running speed. The time is lost in making the stops, slowing down and getting under way again. For this reason spasmodic advertising consumes twice as much energy as continuous advertising. It may cost considerable to continue the campaign, but it costs more to stop for a season.

BOYS' WORK CONFERENCE.

Of the Young Men's Christian Association to be held in Shelbyville This Month.

The second annual boys' conference of the Kentucky Young Men's Christian Association will be held in Shelbyville on the Friday, Saturday and Sunday following Thanksgiving, Nov. 25th-27th.

The conference will open on Friday afternoon with a banquet provided and served by the Ladies' Committee of the Shelbyville association. In addition to the inspirational themes to be treated, practical phases of boys' work will be taken up and discussed by the boys themselves, an effort being made to place upon them the responsibility for conduct of the work for "the other fellow."

There will be present a number of specialists in boys' work who will participate in the conference. The boys' orchestra of the Louisville association, composed of sixteen musicians, will furnish the music.

Attendance will be limited to boys from the associations of the State, each city and railroad association and each county organization being allowed ten delegates. A rate of one and one-third fare for the round-trip has been granted by the railroads and free entertainment will be provided for all delegates.

Further information can be secured from any association Secretary, or by B. W. Godfrey, Department Secretary State Committee, Third and Broadway, Louisville.

TABULATED VOTE OF CITY AND COUNTY

The latest returns from yesterday's election indicate that the Republican landslide was most complete, many of the doubtful States being reported in the enemy's column.

There is nothing for the Democrats to jubilate over this morning, as "all seems lost save honor." With bedraggled feathers the rooster is put back in his box to be brought out on a more propitious occasion.

With bedraggled feathers the rooster is put back in his box to be brought out on a more propitious occasion.

Even Kentucky is being claimed as doubtful by the Republican leaders this morning, but the complete figures will probably make her Democratic by about 8,000.

The national ticket in the Ninth district was lost to the enemy, but there is one crumb of comfort left in the assurance that Congressman Kehoe has weathered the storm and wins by a safe majority. Carrying the district by even a few votes, under the circumstances, is really a wonderful accomplishment and shows his popularity with the masses.

The infirmary building proposition was lost in the county by an overwhelming majority.

The vote on the sewer bond issue carried by an increased vote over the previous election, and the city officials are happy.

The general result, so far as obtainable up to 6 o'clock this morning, will be found in our telegraphic columns.

The tabulated vote for city and county is herewith given:

The smallest stage coach ever built was put on exhibition the other day in the Kentucky World's Fair Building. It is a perfect model of the old-fashioned Concord coach, and stands less than a foot high by about fourteen inches long. The coach was made by P. W. Depp, chief engineer of the Kentucky branch penitentiary at Eddyville. He cut it out during spare moments at the penitentiary with the use of pliers and pocket knives. The wood composition is of ash, poplar and hickory, and the metal parts of copper. Five months were consumed in the construction of the coach.

If every pound of tobacco in the white burley district was assigned to one seller how much better price you would get than at present. In California the fruit growers are organized, and one man sells all the fruit raised in California, and the price he sells at is fixed by the Fruit Growers' Association. And in Georgia the watermelons are assigned to the Melon Growers' Association, and the growers are not compelled to take "any old price" that may be offered them. They all have something to say about the price of their product. Are the Kentucky tobacco raisers the only "chumps" in the world? asks the Cynthiana Times.

Not So Many Good Boys.

"Boys are not what they used to be," remarked an old merchant. "The first ten years I was in business I hired seven office boys, and five of them grew up with the business and are with me yet. In the past year I engaged eight boys, and only one of them is here now, and he is marked for an early deportation to the outside. What is the mater with them? Restlessness, laziness, late arrivals in the morning, a desire to advance wages and decrease labor and cigarettes."

DRESS GOODS.

Every color that's in demand and more brown and black than any other color. We are selling more dress goods this year than any previous fall. We don't know whether the people are wearing more clothes or whether more of the fair sex are finding out what an up-to-date dress goods store we have. It would make interesting reading if we would name a few hundred Mason and Fleming County 400 that have been supplied here this season. But we are not going to do it. You must come and see for yourself. Will you?

OUR SHOE DEPARTMENT

Is making some friends each day. We are the only store that really sells a first-class shoe for children and ladies. Once you wear a shoe from our department, you are a customer of ours forever.

For wear, fit and comfort get your feet fitted in the new Arcade.

Queen Quality Boots \$3 and \$3.50.

Others from \$1 up.

Children's 50c up.

When going up or down town always take the cut off through the Arcade.

MERZ BROS.

Chap Time

Cold, raw weather is trying on delicate complexions. The chapping months are at hand. You need not be annoyed by a single chap though if you have handy a bottle of

Chenoweth's Cream Lotion.

It is a daintily perfumed preparation that restores to the skin all that winds, soap and hard water take out of it.

It's a positive luxury and a constant comfort and costs but 25 cents.

Blasting in nothing but dirt is something unusual, yet Lexington is a town that is capable of producing the unusual. The drought has reached such proportions that it is necessary, in some instances, to suspend building or resort to dynamite and powder to make the necessary excavations. In digging for a cellar there workmen were obliged to abandon the pick and shovel and resort to dynamite to blow up the dirt, just as if it were solid rock.
